RE: Monthly Report

Report submitted this April for the past months actives in the department reflecting the captains duties in training.

The three Monday evening drills held had good member turnout.

I have a solid plan for training that is a ongoing process. Putting together many training programs for the department for development and continuing education for the members. This will help us meet OSHA and NFPA standards.

I will also note that if any member misses a drill and it's something that had interest in and would like to train on it. I will organize a mini drill with them and a few members so I can host this drill again to bring them up to speed on the subject matter.

First Lt's Report for the month of March 2018

For the Month of March the Long Ridge Fire Department did about 1,800 hours of staffing. We also received some more bunker gear for members who were fitted. The compressor for the new SCBA bottles is now in service at Turn of River Station 1, we have a general login code to use until each member gets their own individual login. There are also step by step instructions on how to use the new compressor posted on the compressor itself, and you can ask the Engine 8 members to assist you if needed. I also want to start a Go Fund Me page to raise money to purchase some Lucas CPR machines. A Fire Officer 3 class will be starting next month that will be held here at LRFC Station 1.

Subject: Hall Use - January 20

Casey,

Great to speak to you, and happy to let your group use the hall.

Attached please find the LRFC Hall Use Agreement. If you could fill in the relevant portions, and sign Schedules A and B. As we discussed, I will waive Schedule C as this is a community meeting. However I will ask for the deposit check. Once the meeting is complete and everything is in order, I will let you know when I've destroyed the check.

You can e-mail me back the signed agreement. I will countersign and send you a copy. The check can be left at the firehouse in an envelope with my name on it, or you can mail it to me at 850 E. Main St. #302 Stamford, CT 06902. It can be made payable to Long Ridge Fire Co.

I have placed a hold on the Hall for that date and time, and informed the house and property committee and the officers.

If you could let me know an approximate figure of attendance by Friday, that would be ideal so that I can let the duty driver know.
